## CHAPTER GRANT APPLICATION, 2009-10

The National Council of Alpha Chi invites applications for a limited number of Chapter Grants to be awarded for the 2009-10 academic year. A fund of \$5,000 will supply grants of no more than \$250 each to chapters to help them finance *scholarly projects*. Proposals will be evaluated by the National Office on the basis of the extent to which they encourage scholarship and promote the visibility of Alpha Chi on the campus. **Programs that involve direct payments to student members will not be funded.** Accepted grant proposals will be funded until the fund is expended. Grant recipients are required to submit an expense report after the funded program has taken place.

Each chapter is limited to one grant every other year. **If your college is *not* listed on page two, your chapter may apply for a 2009-10 Chapter Grant.**
