Rate each competency indicator from 1.0 to 5.0. Decimal fractions may be used.

N/A may be used for indicators not represented during this clinical.

Average score: Divide the sum of scores by the competency indicators to calculate average score.

- 5.0 Demonstrates behavior independently or with minimal guidance
- 4.0 Demonstrates behavior with general guidance from supervisor
- 3.0 Demonstrates behavior with specific guidance from supervisor
- 2.0 Demonstrates behavior with excessive and repeated instruction from supervisor
- 1.0 Fails to demonstrate behavior regardless of amount of supervision

Grade Scale: 4.0 to 5.0 = A; 3.0 to 3.9 = B, 2.0 to 2.9 = C, <2.0 = F

Recommended Midterm Letter Grade: _____ **Average Midterm Score:** _____

Supervisor's Signature: _____ Date: _____ Clinician's Signature: _____ Date: _____
