Your Free Application for Federal Student Aid (FAFSA) has been selected for a process called "Verification." In this process, the Harding Financial Aid Services office will be comparing the information you provided on the FAFSA application with tax forms and other financial documents. Federal law requires that Financial Aid Services collect this information and documentation from you before awarding certain types of federal aid. If we make corrections to your FAFSA data, we will reprocess the FAFSA and you will receive a corrected Student Aid Report (SAR) showing the corrections. If there are changes to your financial aid, your financial aid award information will be updated in the financial aid section of your Harding Pipeline account.

You must complete this form and provide copies of all requested paperwork, including signed copies of tax returns, before your request for financial aid can be finalized. If you or your parents do not have a copy of a tax return, you may contact the IRS at 1.800.829.1040 and request a transcript. Tax transcripts **MUST** be signed.

If you prefer not to supply this information, you may still request loan funding through the Parent PLUS loan (for dependent students), or a private loan (for both independent or dependent students). If you need more information on applying for these loans, or if you have any questions, please visit our website or contact us for additional information.
