

## Harding University Carr College of Nursing Award Recipients

<b>Head, Heart, and Hands Award</b>
-------------------------------------

The Head, Heart and Hands Award originated with the first graduating class in 1977. This award is given by the faculty to the graduate who excels in three areas; consistently demonstrating outstanding thinking abilities, skillfully practicing his or her nursing responsibilities and most importantly displaying an attitude toward self and others, which is reflective of a close relationship with our creator. The Head, Heart and Hands Award is based upon the scripture Luke 2:52: “And Jesus increased in wisdom and stature and in favor with God and Man.”
