

Allied Health Scholarship Essay

Please provide a statement to the Allied Health Science Committee that would help them in considering you for one of the Allied Health Scholarships. In this letter you should clearly state how this scholarship will aid you as you plan for future service to the medical profession and the Lord's work. Include anything that you feel would uniquely qualify you for one of these scholarships. You should include any work experience or extracurricular activities that demonstrate your commitment to your professional goals and/or your leadership abilities, etc. You should include any experience you have had in the mission field or experiences that would demonstrate your desire to serve in these areas. Be sure to include any information about any work you might have done in the area of applying modern technology to the health field. You may also wish to comment on any unusual financial burden that you are under. (300-700 words)
