**University Level Student Learning Outcomes (ULOs)**

Harding University has student learning outcomes that are expectations of learning across the liberal arts curriculum. Click [here](#) to see the ULOs on Harding's Assessment webpage. This class has one ULO as a primary learning focal point which is assessed in view of the college level student learning outcomes as listed below (COBAM/SLOs):

- 1. Biblical knowledge and application:** ULO 1: Students will demonstrate an understanding of biblical content and interpretation and their applications in ethical decision-making.

### **College of Bible and Ministry Mission Statement**

The College of Bible and Ministry of Harding University seeks to lead all students to know, live, and share God's Word and to understand, love, and serve God's world through and beyond their chosen vocation.

### **Catalog Course Description and Rationale**

This course seeks to equip students with knowledge of the New Testament documents to encourage them to live the truths of God's Word and to share those truths with others. This course is restricted to transfer students who did not take BNEW 1010/BNEW 1030 and degree completion students.

The purpose of this course is to provide students with a survey of the New Testament in such a way that the students will learn how to apply the content of the Bible to personal spiritual development as well as to real-life ethical problems.

### **College of Bible and Ministry Level Student Learning Outcomes (COBAM/SLOs)**

The student learning outcomes for the College of Bible and Ministry are as follows:

1. Students will demonstrate knowledge of the content and contexts of Scripture.
2. Students will express appreciation for the values of Jesus as reflected in Christian Scripture.
3. Students will demonstrate skills in sharing God's Word.
4. Students will analyze major challenges facing a diverse world from a Christian perspective.
5. Students will exhibit skills for holistic ministry which contribute to the mission of God's Spirit in the world.
6. Students will serve in ways that reflect Christian values and demonstrate skills for competent church ministry and/or for graduate study in related fields.

### **Course Level Student Learning Outcomes (CLOs)**

The learning outcomes for this class tie into the departmental SLOs, as indicated in parentheses:

1. The students will be able to demonstrate a working knowledge of the basic facts, storyline, and historical background relevant to books of the New Testament (COBAM/SLO 1; ULO1).
2. The students will be able to evaluate the significance of the New Testament with regard to major theological themes woven throughout the text (COBAM/SLO 1; ULO1).
3. The students will reflect on how this storyline interfaces with one's own life narrative (COBAM/SLO 2; ULO1).

4. The students will have a plan to teach the New Testament in their own context (COBAM/SLO 3, 5; ULO1).

### **Course Materials**

1. Bible. Any committee translation of the Bible may be used. Your instructor will be using primarily the New American Standard Bible.

**Prerogative Points (50 points)**

The instructor will give prerogative points to students ranging from 0 to 50 points. Points will be given for participation, student attitude, and demonstration of progress throughout the course.

**Class participation**

Participation in class comprises the heart of online learning. All students are expected to participate in the discussions in addition to the quizzes and exams. When students refrain from contributing to the class discussion, they not only learn less, but their grade also reflects their absence. Make sure you budget enough time this semester to join in the discussions and group activities.

*In alignment with face-to-face attendance policies, any student who misses more than 20% of class discussions and/or quizzes (equal to three weeks/modules) will be dropped from the course with a WF (withdraw-fail). WFs appear on student transcripts, which becomes a permanent part of the student records. If a student falls behind, it would be better to drop the course than to receive a WF.*

Also, for us to have a pleasant learning experience, we must have a certain culture in our discussions. Please read over the online etiquette. We must commit to respectful treatment of each post, remembering that although the course is online, the person submitting the post has flesh and blood and real feelings. Additionally, keep in mind that your posts become part of the history of this course. I would refrain from saying anything that you would not want to be held against you in the future.

**Time Management Expectations**

In on-ground classes, for every hour spent in the classroom, the typical student should expect to spend at least two clock hours problem-solving, reading, reviewing, organizing notes, preparing for coming exams/quizzes, and other activities that enhance learning.

For this online course, students should plan on spending about 23 hours a week reading and engaging in the assignments online.

**Grievance Procedures**

If a student has a grievance, discuss this with the instructor. If that discussion does not suffice, contact Tim Westbrook at the Center for Distance Education in Bible and Ministry (501) 279-5290.

## **Grading**

Grades will be assigned by percentage:

90+	A
80+	B
70+	C
60+	D
59 & below	F

*Late work will be penalized by 10% for every workday late.*

## **Required Technology**

### *Minimum Technical Skills*

### *Canvas, Internet or Technology Outage Policy:*

As an online learner, you must be able to manage technical difficulties, as power outages, connection problems, and other technical issues are always a possibility. Technology will sometimes fail; for this reason, it is advisable to complete your assigned work prior to the due date.

Canvas privacy link: <https://www.canvaslms.com/policies/privacy>

### *Instructor*

If your instructor experiences a power outage, Internet service outage, LMS (Canvas) or other technical issues that significantly affect the timing of online assignments, grading assignments or significantly interferes with the instructor/student communication channel, adjustments to due dates will be made.

### *Student*

Students may contact the Canvas Help Desk M - F, 8 a.m. to 5 p.m. at 501.279.4938 or via email at [elarning@harding.edu](mailto:elarning@harding.edu).

If you experience a power outage, Internet service outage, LMS (Canvas), or other technical issues, you are held responsible for completing your assigned work in a timely manner. Harding University is not responsible for the student's access to a working computer or reliable Internet service. An Internet outage or computer issue is not an excuse for late work. A backup plan for

reliable Internet service and a working computer is prudent. Should you experience any such issues, communicate with your instructor in a timely manner.

### **Drop/Add Dates**

Please see Pipeline or contact the Registrar's office ([registrar@harding.edu](mailto:registrar@harding.edu)) for the drop/add refund schedule.

### **Library Resources**

### **Students with Disabilities**

It is the policy for Harding University to accommodate students with disabilities, pursuant to federal and state law. Therefore, any student with a **documented disability** condition (e.g. physical, learning, or psychological) who needs to arrange reasonable accommodations, must contact the instructor and the Office of Disability Services and Educational Access at the *beginning* of each semester. If the diagnosis of the disability occurs during the academic year, the student must self-identify with the Director of Disability Services and Educational Access **as soon as possible** in order to put academic accommodations in place for the remainder of the semester.

The Office of Disability Services and Educational Access is located in Room 226 in the Student Center on the Harding University Searcy campus. Since some courses are taught at different sites and students may not have access to the Office of Disability Services and Educational Access located on the Searcy campus, the student must self-identify with the instructor of the course and submit documentation by fax (501-279-5702) or mail (915 E. Market Ave., Box 12268, Searcy, AR 72149-5615) to the Office of Disability Services and Educational Access on the Searcy campus. The necessary forms are available at <https://www.harding.edu/student-life/disabilityservices>. Upon receiving the appropriate documentation approved by ADA guidelines, academic accommodations may be set up by the instructor via a telephone conference with the Director of Disability Services and Educational Access. If you have questions, please contact the Office of Disability Services and Educational Access at [DisabilityServices@harding.edu](mailto:DisabilityServices@harding.edu) or (501) 279-4019.

### **Accessibility**

This course will be facilitated using Canvas, the Learning Management System used by Harding University. [Canvas ADA Compliance Information](#)

## **Academic Integrity**

A key component of online education is the integrity of the students. Harding University and the instructor assume the students will not engage in dishonest activity while taking this course. Copying another person's work and claiming it as your own is cheating and unethical, this includes recycling old papers or rewording online articles. The student must answer all written responses with his or her own words. Quotations from other sources must be documented appropriately and kept at a minimum. Below is the official academic integrity statement from the university:

Honesty and integrity are characteristics that should describe each one of us as servants of Jesus Christ. As your instructor, I pledge that I will strive for honesty and integrity in how I handle the content of this course and in how I interact with each of you. I ask that you join me in pledging to do the same.

Academic dishonesty will result in penalties up to and including dismissal from the class with a failing grade and will be reported to the Assistant Vice President for Academic Affairs. All instances of dishonesty will be handled according to the procedures delineated in the Harding University catalog.

In the event that cheating or plagiarism occurs, I will be forced to initiate a misconduct report and implement one of the following sanctions (as per the university catalog):

### **Class A Sanctions (Course Level)**

1. Repeating of the assignment or completion of an additional assignment, with possibly less credit awarded in either case.
2. Lowering of the grade on the test or assignment, possibly to "F" or zero.
3. Lowering of the grade for the course, possibly to "F."
4. Immediate removal from the course with either a "W" or an "F" placed on the transcript.

If I discover plagiarism or cheating, the guilty or suspected student will not need to provide me with a defense. I will submit a misconduct report to Academic Affairs and notify the student. Each student has the right to appeal the report with Academic Affairs, but I will not tolerate cheating or plagiarism at all at the course level. Although I will file a report, I will decide which sanction to use based on the severity of the offense.

A good rule of thumb, do not cheat or plagiarize! If you have any questions about what that means, consult the catalog under "Ethical Standards" and "Academic Integrity Policy."

### **University Assessment Statement**

Assessment: Harding University, since its charter in 1924, has been strongly committed to providing the best resources and environment for the teaching-learning process. The board,

administration, faculty, and staff are wholeheartedly committed to full compliance with all Criteria of Accreditation of the Higher Learning Commission as well as standards of many discipline-specific specialty accrediting agencies. The university values continuous, rigorous assessment at every level for its potential to improve student learning and achievement and for its centrality in fulfilling the stated mission of Harding. Thus, a comprehensive assessment program has been developed that includes both the academic units and the administrative and educational support units. Course-specific student learning outcomes contribute to student achievement of program-specific learning outcomes that support student achievement of holistic university learning outcomes. All academic units design annual assessment plans centered on measuring student achievement of program learning outcomes used to sequentially improve teaching and learning processes. Additionally, a holistic assessment of student achievement of university learning outcomes is coordinated by the university Director of Assessment used to spur continuous improvement of teaching and learning.

### Netiquette

1. **Remember your place.** A Web-based classroom is still a classroom, and comments that would be inappropriate in a regular classroom are likely to be inappropriate in a Web-based course as well. Treat your instructor and your fellow students with respect.
2. **Brevity is best.** Be as concise as possible when contributing to a discussion. Web-based courses require a lot of reading, and your points might be missed if hidden in a flood of text. If you have several points that you want to make, it might be a good idea to post them individually, in several more focused messages, rather than as a single, lengthy, all-encompassing message.
3. **Stick to the point.** Contributions to a discussion should have a clear subject header, and you need to stick to the subject. Don't waste others' time by going off on irrelevant tangents.
4. **Read first, write later.** Don't add your comments to a discussion before reading the comments of other students unless the assignment specifically asks you to do so. Doing so is tantamount to ignoring your fellow students and is rude. Comments related to the content of previous messages should be posted under them to keep related topics organized, and you should specify the person and the particular point you are following up on.
5. **Post correctly.** Make sure your postings are located in the correct thread.
6. **Netspeak.** DO NOT TYPE IN ALL CAPS OR USE EXCLAMATION MARKS!!!!!! :-)  
This is regarded as shouting and is out of place in a classroom. Given the absence of face-to-face clues, the written text can easily be misinterpreted. Avoid the use of strong or offensive language. If you feel particularly strong about a point, it may be best to write it first as a draft and then review it, before posting, in order to remove any strong language.
7. **The recorder is on.** Think carefully about the content of your message before contributing it. Once sent to the group, there is no taking it back. Also, although the grammar and spelling of a message typically are not graded, they do reflect on you, and your audience might not be able to decode misspelled words or poorly constructed sentences. It is a good practice to compose and check your comments in a word-processor before posting them. However, unless grammar and spelling are graded components of the course do not obsess. **Never criticize or comment on others' grammatical or spelling errors, unless doing so is part of your assignment.**

8. **Test for clarity.** Messages may often appear perfectly clear to you as you compose them, but turn out to be perfectly obtuse to your reader. One way to test for clarity is to read your message aloud to see if it flows smoothly. If you can read it to another person before posting it, even better.
9. **Keep a straight face.** Humor is important in an online course as it can add to the enjoyment and the personality of the course. However, avoid humor and sarcasm directed toward others. These frequently depend either on facial or tone of voice cues which are absent in text communication. Keep your humor directed either at yourself or at no one in particular. Also, remember this is a Christian environment and our humor should reflect our respect of each other and Christ. If you have a good clean joke to share, feel free. Humor gives us a glimpse into your personality.
10. **Be forgiving.** If someone states something that you find offensive, mention this directly to the instructor. Remember that the person contributing to the discussion may be new to this form of communication. What you find offensive may quite possibly have been unintended and can best be cleared up by the instructor.
