HUG
Harding University in Greece

August 3-18, 25 participants
Faculty: Monte & Beth Cox
BNEW 3030 (2 or 3 hours)

Harding University in Greece (HUG) is housed in the Artemis, a former hotel (named after a nearby ancient temple to Artemis) in the Mediterranean beach town of Porto Rafti, located just outside of Athens. Daily life at HUG looks like students enjoying meals prepared by a Greek cook before heading out to enjoy the beach, taking a swim in the backyard pool, hiking “HUG Mountain,” meandering through the small town or heading into Athens. In addition to sites in Athens, such as the Acropolis and the Parthenon, Mars Hill, the Agora of Athens and more, the group will visit some of Greece’s most well-known and historic locations. In ancient Corinth, students will explore one of the best excavated Biblical cities which even includes the temple to Apollo and the judgement seat (bema) that Paul would have been brought to when he spoke to Gallo (Acts 18). By visiting this site, students will gain a better understanding of what Paul and other first century Christians dealt with in this city. A visit to Corinth’s acropolis (the Acrocorinth) will allow students the chance to hike the fortified mountain to gain a breathtaking view of the isthmus of Corinth. The group will also visit Cape Sounion where a Temple to Poseidon rests perched on a cliff overlooking the Aegean Sea. A trip to Northern Greece will provide students with a chance to see the mythical Mount Olympus (no climbing required) as well as tour the Biblical cities of Thessaloniki, Philippi and Berea. The group will also visit Vergina, the burial place of Alexander the Great’s father, Philip II. We look forward to sharing Greece with you! Daniel and Meagan Adams (HUG Directors)

HULA
Harding University in Latin America

July 24-August 18, 20 participants
Faculty: Jeremy & Katie Daggett
BOLD 3005 (2 or 3 hours)

“August HULA” is all about Peru: it’s as much as we can pack into almost 4 weeks of studying abroad. Arequipa, the city of volcanoes, will be our home base. We’ll live, eat, take classes, and play ping-pong together at El Castillo, a restored 19th-century mansion. In Arequipa we’ll explore a clash of cultures and history and experience cooking classes, coffee tastings, chocolate-making, white-water rafting and even climb a 19,000 foot volcano if you want to. We’ll travel to Lake Titicaca, cradle of Andean civilizations, and participate in a cultural exchange with indigenous Quechua-speaking families. We’ll visit the Colca Canyon, one of the deepest and most impressive canyons in the world. We’ll travel to Cusco, through the Sacred Valley of the Inca, and hike the Inca trail to Machu Picchu—one of the seven wonders of the modern world. We’ll end our trip at the Amazon rainforest, the most bio-diverse place in Peru, fish for piranha, walk through hanging bridges high in the canopy layer of the forest—all while asking some of humanity’s biggest questions about God and this world God made. August is an incredible time to be in Peru and studying abroad is the best way to learn. We have room for 20 students; we hope you’ll join us. Jeremy & Katie Daggett (HULA Directors)

HUF
Harding University in Florence

August 3-18, 20 participants
Faculty: Jason & Mary Darden
BNEW 3030 (2 or 3 hours)

The August HUF experience will include visits to Florence, cities and villages in Tuscany, a trip to Pompei, Pozzuoli (Puteoli in the Acts) and Rome. We, my wife Mona and I, are excited to provide a taste of HUF taking advantage of our time together to see as many of the educational wonders Italy has to offer. Our time at the Villa will include class time, chapel and devotional, and many wonderful meals together. While at the HUF Villa our focus will be on seeing sites in Florence featuring Renaissance art such as Michelangelo’s David and Botticelli’s Birth of Venus. We will also visit several Catholic churches including the main cathedral, duomo of Florence. In Tuscany we will visit medieval cities like, San Gimignano, Siena, Lucca and Pisa. When we travel south, we will visit the Pompei archeological site, a port city near the sea, not unlike many of the cities where the Apostle Paul worked and taught. We will visit Pozzuoli, where the Apostle Paul, after shipwrecked on the island of Malta, finally reached the brethren from Rome that accompanied him on the Appian way to Rome. In Rome we will see the Appian road and many other sites that were present when the Apostle Paul was in house arrest and imprisoned, including the Mamertine prison where tradition believes the Apostle was imprisoned prior to his martyrdom. Looking forward to meeting you in August! Robbie and Mona Shackelford (HUF Directors)
