Scholarships (Are any scholarships attached to this activity? If so, how many? Amount?)

### Extra-Curricular Activity

Type of Activity:

Community served:

Number of student participants:

Number of non-student participants:

Number of people served/reached:

Scholarships (Are any scholarships attached to this activity? If so, how many? Amount?)

### Extra- and Co-Curricular Assessment

Assessment is the ongoing process of understanding, improving, and documenting the continuous improvement of the associated student learning outcomes. It is a cyclical process that is used to identify areas for improvement and to evaluate institutional effectiveness.

**Outcome:** Name the university/college/departmental/program student learning outcome(s) addressed.

**Measure:** How is the activity assessed? (Student reflections, teacher/course evaluations, senior exit exam, etc.)

**Target:** What is the goal/are the goals?

**Finding:** Was the goal/were the goals met? What does the measurement tell you? (short-term, long-term)

**Action:** What changes have you made to address your findings?
