PACKING TIPS

1. One option to help your camper, especially younger ones, is to match outfits and put them in individual gallon ziplock bags or wrapped with rubber bands, for each day. Two week sessions will have to match laundry, but this is helpful for the first week. And place these bags in a container to keep shelves neat.
2. Laundry is done once for all campers during the 2 week sessions. Please initial everything or add labels
3. Pack at least 1 white shirt for team activities where a white shirt is needed

PACKING TIPS

BATHROOM PACKING TIPS

1. A caddy for the shelf is a nice way to keep everything tidy and together.
2. Showers are typically under 3 minutes, a combo shampoo and conditioner will help speed up hairwashing
3. Flipflops are a good option for the shower

ADDITIONAL TIPS

1. Pack at least one can of shaving cream without menthol for the shaving cream fight.
2. All prescription medication will be turned into the camp nurse at check in. It must be in the original bottle.
3. Bring packages and mail with you to drop off. There will be containers for each day and you can save on postage and ensure your camper receives it on the day you wish
4. Packing or mailing glow sticks is always a hit, especially for late night activities
5. Campers may want a deck of cards, a book to read, pens/markers for quiet time if they aren't napping or working on Bible Bee
6. Clip on fans are useful for positioning where needed
