

Harding University

Annual Security & Fire Safety Report 2024

Harding University is committed to providing a safe, congenial and secure environment for our students, faculty, staff and guests. With the support of all members of our campus community, there is a continuing effort to keep the campus safe and secure. Because a truly safe campus can only be achieved through the cooperation of all students, faculty and staff, we hope that you will join our effort to ensure that this endeavor is effective.

How to contact Harding University Public Safety

The Public Safety Department is located in Kendall Hall. Any potential criminal activity or any other emergencies on campus should be reported directly to the Public Safety Department by dialing 501-279-5000 or reporting directly to the Public Safety Office. The Office is staffed 24 hours a day, every day of the year.

The mission and purpose of the Harding University Public Safety Department

The mission of the Harding University Public Safety Department is to provide a safe Christian environment to the Harding community. To accomplish this mission, the Public Safety Department has the following responsibilities:

1. To protect the students, faculty, staff and visitors to the University campus;
2. To protect property, buildings and grounds located at the University campus;
3. To enforce and maintain regulations as set forth in the Harding University Faculty/Staff Handbook, the Student Handbook, the general catalog, and/or those made by the president or the board of trustees of Harding University.

Public Safety personnel on duty

Public Safety personnel are scheduled to be on duty at all times. Public Safety Officers patrol campus 24 hours a day using marked vehicles, golf carts or on foot. The Public Safety Office is staffed at all times in order that emergency situations may be reported at any time either by telephone or in person.

Reporting crimes, fires, or any type of emergency

Students, faculty, staff and visitors should immediately report criminal activity or any type of emergency on campus to the Public Safety Office by telephoning 501-279-5000 or by appearing in person at the Public Safety Office located at Kendall Hall, 124 S. Turner Street, Searcy, AR 72149. Reports of any criminal activity made to other university officials should immediately be reported to the Public Safety Department by the university official who received the report. Reports can also be made by calling the phone tip line 501-305-8237 or online at: <http://www.harding.edu/DPS/tips.html>.

Emergency Response and Evacuation Procedures

Purpose

This crisis communication plan provides policies and procedures for the coordination of communications within the university, and between the university, the media, and the public in the event of an emergency. This plan is not intended to change the way emergencies are initially reported. All emergencies on campus should be reported immediately to the Public Safety Department (Ph 501-279-5000).

In addition to addressing media relations and communications issues, this plan includes procedures for the rapid identification of potentially harmful situations and the methods for responding to those situations quickly and effectively. The goal of this plan is to ensure that campus officials and communicators are familiar with those procedures and their roles in the event of a crisis.

Procedures

1. **Assessment-** The individual who encounters the potential crisis should immediately report the situation to the Public Safety Department (Ph 501-279-5000). Public Safety will then determine whether an immediate communications response is necessary and, if so, will consult:
 - a. Candice Moore, Assistant Vice President of University Communications and Marketing or;
 - b. Kristen Nicholson, Manager of News Services

Communication Response

The Assistant Vice President of University Communications and Marketing, or her designee, should develop a plan of action including some, or all of the following after consulting with Public Safety and/or the Emergency Management Committee to assess the nature and scope of the situation:

1. **Designate a spokesperson.** In most cases the spokesperson should be the Assistant Vice President of University Communications and Marketing or her designee. The person possessing the most direct knowledge of the crisis may be designated the spokesperson by the Assistant Vice President of University Communications and Marketing or the President of the University.
 - a. In cases of a significant crisis, the President of the University or the highest-ranking university official may take the lead in conveying the administration's response to the crisis, showing that the university has control of the situation, calming public concern, and setting an example for the entire community.
 - b. Public information spokespersons (those dealing most directly with day-to-day media inquiries) may also include the Assistant Vice President of University Communications and Marketing, Candice Moore, or the Manager of News Services. Communications spokesperson(s) from

specific areas may also be designated (i.e., Sports Information Director, Scott Goode).

2. **Draft a fact sheet.** The fact sheet should contain a summary statement of the situation including all known details to be released to the media. This information should be made available to (and approved by) the President or the President's designee. This fact sheet should be analyzed with respect to the public's need for information and concerns for privacy and security.
3. **Notify key constituencies.** Determine key constituencies that should be informed of the crisis. It is important to keep administration, faculty, staff, and students informed of appropriate details and actions taken by the university during an emergency. Effective communications will help quell rumors, maintain morale, and ensure continued orderly operations of the university. Among the groups that should be considered for communication in a crisis situation are:
 - a. Emergency service providers
 - b. Administration, faculty, and staff
 - c. Students
 - d. Board of Trustees
 - e. Parents of students
 - f. General public
 - g. Mass media
 - h. Alumni
 - i. Government entities

Initial notification about any significant emergency or dangerous situation involving immediate threat to the health or safety of students or employees occurring on campus will be made to the Harding community via the Harding University Everbridge Emergency Notification System in coordination with the Communications and Marketing Office (depending upon the specific type and nature of the emergency). This system is designed to communicate with faculty, staff, and students via multiple communication paths including: cell phone calls, text messages, e-mails, and phone calls to office numbers. The university will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless a notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

Emergency notification through the Harding University Everbridge Emergency Notification System will be conducted by key members of the Emergency Management Committee in conjunction with the Communications and Marketing Office. Members of the Emergency Management Committee who have been authorized and designated to send out emergency messages to the community are:

Lora Fleener, Manager of Student Support and Communications

Craig Russell, Director of Public Safety
Kevin Davis, Assistant Director of Public Safety

- j. Explosion

Other situations in which the Everbridge notification system will be used include:

- a. Power outage

The emergency notification will include information about the emergency situation as well as instructions to follow. Procedures to follow during an emergency situation include:

- a. Depending upon the nature of the emergency, students and employees will either be directed to evacuate to a safe area or to shelter in place. Evacuation areas have been established for each building on campus, and building managers will ensure that everyone in the building is made aware of the evacuation assembly points for accountability

Center, under the direction of the President of the University, will determine the time and means by which these notifications will be made.

Testing Procedures

Testing is a crucial component of any Emergency Management Plan to ensure the functionality of the plan and to identify and correct any deficiencies. Harding University generally conducts two types of testing to ensure the continuity of the Emergency Management Plan. The two types of testing are disaster simulation drills (live drills) and tabletop exercises. While each exercise is designed to emergency response on different levels, both types are excellent tools for revising plans and procedures.

As part of the Emergency Management Plan testing process, at least one annual test of the Harding University Everbridge Emergency Notification System will be conducted. A test message concerning the “live” annual disaster drill will be sent out as the drill occurs to ensure real-time results.

Disaster Simulation Drills

Disaster Simulation Drills are “live” drills that are designed to test the capabilities of response agencies and to test the procedures found in the Emergency Management Plan. These drills are conducted on an annual basis and involve various campus departments as well as various emergency response agencies. “Live” drills offer the chance to physically test the response capabilities of emergency responders and Harding personnel and offer realistic scenarios and victims. The Disaster Simulation Drills are conducted in coordination with the College of Nursing and the Theater Department and are used as academic exercises for both departments. Participants in Disaster Simulation Drills include, but are not limited to:

- Public Safety Department
- Physical Resources Department
- Communications and Marketing Department
- Student Health Services
- Nursing Program
- Physician Assistant Program
- Office of Student Life
- IS&T (Communications) Department
- Human Resources Department
- Harding University Insurance Coordinator
- Vice President of Finance/CFO
- Aramark Food Services
- Aramark Facility Services
- Professional Counseling Program
- Searcy Police Department
- Searcy Fire Department
- Northstar Ambulance Service

White County Sheriff's Department
White County Office of Emergency Services
Other Specific Departments on Campus Affected by the Disaster

Disaster simulation drills normally occur in the spring of each year. Past drills have included simulated: fire, tornado, earthquake, and active shooter scenarios in various academic buildings and residence halls.

The drill for 2024 was conducted on Wednesday, April 17, 2024. It was an unannounced drill that simulated a tornado in Kendall Hall on campus.

Tabletop Exercises

Tabletop Exercises are another excellent way to test the response capabilities and the procedures found in the Emergency Management Plan. Tabletop Exercises offer the flexibility of testing plans and procedures without the commitment of manpower and valuable resources that live drills require. Tabletop exercises are conducted annually and also on an "as-needed" basis to test specific areas of the Emergency Management Plan. Tabletop Exercises are designed to ask the "what if" questions in a quieter atmosphere without the pressures and confusion of a live drill.

All exercises of the Emergency Management Plan will be coordinated and conducted by members of the Emergency Management Committee. During each type of exercise, monitors will be present to evaluate the drills and to take notes. Within 48 hours following a live drill or a tabletop exercise, members of the Emergency Management Committee will gather to conduct a debriefing session of all drill participants to determine what went well and to determine any deficiencies.

All exercise simulations, whether live drills or tabletop exercises, will be written and approved in advance by the Emergency Management Committee. The President of the University must approve all live drills in advance.

Threat Assessment Team

Harding University is committed to providing an environment that both supports students and challenges them to realize their full potential. Ensuring the physical and emotional safety for all students, faculty and staff is of utmost importance in promoting an atmosphere that encourages learning and productive employment. Behavior or the threat of behavior that presents a danger to self or others in the campus community will be addressed by the appropriate university personnel.

The Threat Assessment and Behavior Intervention Team is an advisory group of administrators who may assist one another in the identifying, assessing and monitoring of high risk behaviors exhibited by members of the campus community and individuals from outside the university who could pose a threat to the campus community. The team may assist in determining whether an individual is a threat to self or others and make recommendations to the appropriate university personnel for action that may be taken.

The Threat Assessment and Behavior Intervention Team has six regularly scheduled meetings per year to review or discuss policies and procedures related to threatening behavior, make recommendations to the appropriate university personnel, discuss past, present or potential future threats to the Harding community and discuss legal developments regarding university threat assessment and management. The team also meets as needed to address specific concerns to the University as those concerns arise. Team members are:

Zach Neal (Co-chair) – Assistant Vice President Student Life
Craig Russell (Co-Chair) – Director Public Safety
Jean-Noel Thompson – Executive Vice President
Mary Darden – Director Student Health Services
Lew Moore – Director Counseling Center
David Ross – Assistant Vice President Human Resources
Marty Spears – Provost
Robin Maynard- Chief Legal and Compliance Officer

All members of the university community are encouraged to be alert to the possibility of violent acts on the part of students, employees, visitors or others. Information regarding violence, the threat of violence or other behavior of concern should be immediately reported to campus officials. Reports will be handled in a confidential manner to the extent possible. Concerns may be reported to any member of the team. For an immediate threat or emergency call Public Safety at (501) 279-5000.

Recognizing Warning Signs (Emotional Distress)

A pamphlet is distributed annually to all faculty and residence life staff that provides information on warning signs to detect student problems at an early stage. The pamphlet is distributed by the Harding University Counseling Center, and additional copies may be obtained in that office. Faculty and Staff are provided with information about warning signs regarding the following topics:

- a. Excessive class absence or tardiness
- b. Apathy or indifference towards instructors or class material
- c. Appearance of being lonely, troubled, or preoccupied
- d. Low performance levels on tests and assignments
- e. Social inadequacies or conflicts that are apparent
- f. Neglect of physical appearance or state of health
- g. Observable disorientation of speech, actions, or awareness of a reality perspective

Information is provided about specific symptoms including: agitation, depression, apathy, fatigue, projection of self/self-esteem, attitude/disposition, and anxiety. In addition, information is provided to recognize symptoms of drug use for various drugs including: depressants, stimulants, narcotics, hallucinogens, and alcohol.

Institutional response to reports of criminal activity or emergencies

After receiving a report of an emergency or criminal activity, the Public Safety Department will respond in the following ways, depending on the nature of the report:

- 1. In the case of an emergency that presents some kind of physical danger, the Public Safety Department will**
 - a) first, request assistance from appropriate professionals such as the local police, fire department or ambulance services;
 - b) second, provide assistance to those effected by the emergency;
 - c) third, write a report describing the incident and distribute that report to appropriate University officials.

- 2. In the case of a serious criminal offense that requires immediate assistance from local law enforcement professionals, the Public Safety Department will**
 - a) first, send an officer to investigate if the incident is still in progress (if it is safe to do so);
 - b) second, request assistance from local law enforcement professionals;
 - c) third, assist in the investigation as requested by law enforcement professionals.
 - d) fourth, write a report describing the incident and distribute that report to appropriate University officials.

- 3. In the case of criminal offenses that do not require immediate assistance from local law enforcement professionals, the Public Safety Department will**
 - a) first, send an officer to investigate if the incident is still in progress;
 - b) second, report the incident to the appropriate dean for disposition within the student disciplinary process;
 - c) third, write a report describing the incident and distribute that report to appropriate University officials.

- 4. In the case of criminal offenses that occur on campus, but are disposed of by local law enforcement officials, the Public Safety Department will**

- a) regularly check with city and county police officials for any arrests made for crimes that occur on campus;
- b) send reports of any such crime to the appropriate deans for disposition within the student disciplinary process;
- c) send reports of any such crime to other appropriate university officials.

Missing Student Notification

Each student living in an on-campus housing facility will register a confidential contact person to be notified in the case that the student is determined to be missing. Only authorized campus officials and law enforcement officers, only for the purpose of a missing student investigation, may have access to this information. This information is recorded on a Residence Hall Record Form that each dorm resident is required to complete. For every student less than 18 years of age who is not emancipated, parents or legal guardians will be automatically notified that their child is missing. Regardless of whether the student has registered a contact person to be notified, if they are determined to be missing for a period of 24 hours, local law enforcement agencies will be notified unless the local law enforcement agency was the entity that made the determination that the student was missing.

To report a missing student, the Office of Public Safety should be contacted either by phone at 501-279-5000 or in person in the American Heritage Building (907 E. Market Street). Residents can also report missing students to their Resident Assistant (RA), Residence Life Coordinator (RLC), or directly to the Office of Student Life. All missing student reports will be subsequently forwarded to the Public Safety Department.

All official missing student reports must be made to the Public Safety Department, who in turn, will contact local law enforcement agencies. Students living in on-campus housing must report each evening to their residence hall for campus-wide curfew. Resident Assistants are responsible for physically checking for the presence of every student to ensure that they are present and accounted for. If a student is not present for curfew and no special permission call has been received, the Residence Life Coordinator of the residence hall will immediately begin attempts to locate the student.

Within 24 hours (sooner when possible), missing student reports will be forwarded by the Public Safety Department to the Office of Student Life. The appropriate Dean (Dean of Women or Dean of Men) will assist Residence Life Coordinators, Public Safety Officers, and local law enforcement personnel in attempts to locate the missing student. The Office of Student Life will contact emergency contact points listed on the student's Residence Hall Record Form, including the student's parent or legal guardian if given permission by the student, in an attempt to locate the missing student.

The President of the university and other university administrators, including the Executive Vice President and the Vice President for Finance, will be notified of any

student who has been missing 24 hours. The Office of Communications and Marketing will be responsible for issuing all official press statements in regards to the missing student. The Public Safety Department and the Office of Student Life will work closely with local law enforcement personnel until the matter is resolved.

Enforcement Authority of Public Safety

Public Safety has been given the authority to enforce Harding University regulations as set forth in the Harding University Faculty/Staff Handbook, the Student Handbook, the general catalog and/or those made by the president or the board of trustees of Harding University. Public Safety arrest powers are limited as pursuant to Arkansas Code 16-81-106 (d) and Arkansas Criminal Code 5-36-116 (a).

Public Safety's jurisdiction to enforce Harding University rules and regulations is all of Harding property. Harding property is all land lying in Section 11, Township 7 North, Range 7 West, situated in White County, Arkansas.

Relationship of Public Safety with state and local police agencies

Public Safety has an excellent working relationship with state and local law enforcement officials and agencies. The Director of Public Safety is responsible for notifying and coordinating joint efforts between Harding University, its Public Safety Department and local law enforcement officials. Local police are notified by the Public Safety Office whenever there is a serious crime on campus that requires the assistance of local police.

The Searcy Police Department is responsible for the investigation of alleged criminal offenses occurring on Harding Property.

Harding University encourages the accurate and prompt reporting of all crimes on campus

Students, faculty and staff are encouraged to promptly report all crimes that occur on campus immediately to Public Safety and/or appropriate police agencies, when the victim of the crime elects to or is unable to make such a report. Students, faculty and staff are made aware of this need through this Web site, through residence assistants in the dormitories, and through periodic programs designed to educate the campus community about safety.

If a student, faculty, or staff member does not feel comfortable with reporting the crime directly to the Public Safety Department, they are encouraged to report the crime to a Campus Security Authority (CSA). A CSA, as defined by the Department of Education, is someone who has significant responsibility for student and campus activities and to whom crimes may be reported. CSAs to whom crimes may be reported include, but are not limited to:

- Any of the Deans in the Student Life Office

- Athletic coaches
- Residence Life Staff (RLCs and RAs)
- The Director of Human Resources

Pastoral and professional counselors, if and when they deem it appropriate, are encouraged to inform the persons they are counseling of procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Access to Residence Halls

Every residence hall has a live-in manager and several resident assistants. Residence halls have a monitor on duty from 11:00 a.m. until midnight weekdays and from 11:00 a.m. until 1:00 a.m. on weekends. Members of the opposite sex are not allowed to visit living areas inside residence halls or apartments at any time (with the exception of “Open House” visitation dates and times as specified by the Office of Student Life). Members of the opposite sex are allowed inside residence hall lobbies when monitors are present and during hours specified by the Office of Student Services. Regardless of gender, all visitors, repair persons, vendors, etc., must sign in at the front desk with the desk monitor or the resident manager before entering the living areas and must sign out at the front desk when leaving the living areas.

Every residence hall is also equipped with card entry access control systems that deny access to the buildings by non-students during certain time periods.

Access to Harding University Apartments

Members of the opposite sex are not allowed to enter the apartments of single individuals.

Access to educational buildings

Harding University's classroom buildings, auditoriums, gymnasiums, etc. are open during scheduled hours that vary depending on University needs. Each building is checked and locked by Public Safety personnel when the building is scheduled to be closed. (For most buildings, this is no later than curfew.) Public Safety personnel recheck each building on campus approximately one to two hours after the buildings have been checked and locked. Special authorization for student access to buildings after curfew must be approved of in advance by the building manager and/or by the Student Life Office. Instructors' presence in buildings after curfew is recorded by Public Safety in a daily log. The time when buildings are locked, rechecked, and opened is also recorded by Public Safety in a daily log.

Security Considerations Used in the Maintenance of Campus Facilities

Public Safety works closely with the Physical Resources Department to ensure that safety remains a priority in the regular maintenance of campus facilities. Public Safety regularly reports lights that need to be replaced on campus. Public Safety also immediately reports defective door locks, broken windows or any other maintenance concern that might present a safety problem to the Physical Resources Department.

Curfew

All students must be in the residence halls or University apartments at the curfew hour set by the administration and board of trustees. Any student needing to be out later than the set curfew must receive late permission from the appropriate personnel. Off-campus students are not permitted on campus after curfew unless they have permission from an appropriate school official.

There is an all-campus security curfew from 12:15 until 5:00 a.m., Sunday through Thursday, and 1:15 a.m. until 5:00 a.m., Friday and Saturday. For protection and security purposes, any activity on campus will be regulated during these hours. Any person needing to come on campus or leave during these hours must report to Public Safety.

Pamphlets and booklets available: Students are also informed of crime prevention techniques through the use of pamphlets and booklets, which are available in the Counseling Center and the Brackett Library during regular business hours.

Active Shooter Preparedness: Various active shooter preparedness classes are offered throughout the year to students, faculty, and staff. The classes are based on Run.Hide.Fight.

Annual Fire and Life Safety Meeting: The Searcy Fire Marshall presents a fire safety class to all new incoming students once per year. A Public Safety Officer also presents active shooter preparedness training at that time.

Off-Campus Student Organizations

Harding University has no recognized off-campus organizations. All on-campus organizations that leave campus for activities must have an adult sponsor that is responsible for reporting if any criminal activity might take place at such an activity.

Drug and Alcohol Use Policy (Section 120(a)-(d) Higher Education Act [Drug-Free Schools and Community Act of 1989])

HARDING IS A DRUG-FREE SCHOOL - IT'S THE LAW

Harding's policy states that drug and alcohol possession or use is not tolerated. Harding has chosen to take a strong stand against the use of controlled substances because of the significant risks that students assume when deciding to use them. Many of these substances are physically or psychologically addicting; the composition of "street" drugs can never be determined by the user and is often dangerous; strictly enforced laws and policies can lead to serious consequences for even the experimenter or occasional user. The negative personal consequences that can happen to a student far outweigh any brief exhilaration or escape. The university strongly believes that any use of controlled substances is contrary to the mission of Harding University. Students seeking information or personal assistance for substance abuse can receive counseling and referral to community resources in the Counseling Center.

The Drug-Free Schools and Communities Act requires the institution to outlaw the possession, use, or distribution of illegal drugs and alcohol by students and school employees on school property or during school activities. It also requires us to explain the risks that drug and alcohol use may cause to an individual's health.

Drugs and alcohol can:

- Distort what an individual sees, hears and feels.
- Makes an individual feel they are doing their best when their actual performance is poor.
- Cause crime at school.

- Interfere with how an individual's brain uses information.
- Gives an individual a criminal record.

Marijuana use can:

- Cut mental powers.
- Slow physical reflexes.
- Affect space and distance judgment.
- Make an individual forgetful.
- Damage lungs, reproductive organs, and brain.

Cocaine use can:

- Cause a heart attack.
- Cause emotional problems, mood swings, or lack of dependability.
- Cause an individual to make poor judgments.
- Cause crime.
- Be addictive.

Heroin use can:

- Cause total disinterest in anything except drugs.
- Cause crime.
- Spread disease.
- Result in overdose, coma, or death.
- Cause school and family problems.

Hallucinogen use can:

- Cause distortion.
- Cause sudden, bizarre behavior changes.
- Cause loss of concentration and memory.
- Cause permanent loss of brain function.

Alcohol use can:

- Cause loss of concentration, coordination, and judgment.
- Cause inability to deal with problems.
- Increase aggressive behavior.
- Cause difficulty in learning and remembering.
- Permanently damage liver, heart, and brain.

Amphetamines use can:

- Make an individual panic or behave wildly.
- Be addictive.
- Cause brain damage.

Sedative use can:

- Slow down mental processes and reflexes.
- Cause kidney and liver damage.
- Be addictive.

Inhalants can harm an individual's:

- Vision.
- Memory.
- Thinking.
- Coordination.
- Breathing.

Steroid use can:

- Damage the heart, liver, and reproductive system.
- Cause depression.
- Lead to heart attacks and strokes.

Tobacco use can:

- Cause smelly hands, hair, and clothes.
- Cause wrinkles.
- Cause bad breath and stained teeth.
- Cause cancer.
- Cause heart and lung disease.

Federal and state laws prohibit the possession, use, or distribution of illicit drugs. In addition, the state of Arkansas has laws that pertain to alcohol use and possession. A list of federal penalties and sanctions for illegal trafficking and possession of a controlled substance may be viewed at <https://www.dea.gov/druginfo/ftp3.shtml>. A list of Arkansas state penalties and sanctions regarding controlled substance are provided through the “Arkansas Law” link at <http://www.arkleg.state.ar.us/assembly/2015/2016F/Pages/Home.aspx>. A brief overview of federal and state sanctions is available in the Office of Student Life.

Anyone suspected of possessing, selling or using alcohol or illegal drugs is reported to the Office of Student Life. If the Office of Student Life determines that alcohol or illegal drug use in fact took place, that student may be suspended from school.

In addition to University disciplinary action the Federal Government has also imposed the following actions:

A student who has been convicted of any offense under any Federal or State law involving the possession or sale of a controlled substance shall not be eligible to receive any grant, loan, or work assistance under this title (1998 Higher Education Amendments of 1998) during the period beginning on the date of such conviction and ending after the interval specified in the following table:

If convicted of an offense involving:

The possession of a controlled substance

Ineligibility period is:

First offense.....1 year

Second offense.....2 years

Third offense.....Indefinite

The sale of a controlled substance

Ineligibility period is:

First offense.....2 years

Second offense.....Indefinite

Enforcement of State and Local Underage Drinking and Drug Laws

Any student suspected of underage drinking or the possession, use or sale of illegal drugs will be turned over to the Office of Student Services for disposition. If the Office of Student Services makes the determination that the student was in fact involved in any of the above listed activities, the Office of Student Services will dispose of the case either through the University judicial process or by turning the case over to local law enforcement officials for prosecution. In either event, the violation will be reported to the Public Safety Office to be released within two days in the daily crime log and will be included in the annual security report if the violation occurred on campus.

Timely Reports to the Campus Community Concerning Reports of Crimes

All students, faculty and staff are instructed to immediately report any criminal activity that occurs on campus to the Public Safety Office. After reviewing the facts concerning the reported crime, the Director of Public Safety will make a determination whether or not the crime is considered to be a serious and ongoing threat to other students and employees. If the Director of Public Safety determines that the crime does present a serious and ongoing threat to other students or employees, a warning will be distributed to the campus community by e-mail, chapel announcements, postings on the HUNet site or any other means that the administration feels would be effective. If the threat is considered to be an immediate threat, warnings will be given by using the University Everbridge Emergency Notification System.

Dating Violence, Domestic Violence, Sexual Assault, and Stalking

In accordance with the Clery Act and the Violence Against Women Act, when a student or employee reports to Harding University that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the following information, services, and resources are available.

Prevention Programs: Harding University's commitment to providing a safe campus

Harding University offers a mandatory online training program to new students and employees designed to promote awareness of dating violence, domestic violence, sexual assault, and stalking. The training program also informs and educates victims about procedures that will be followed and the rights afforded to them. Information in this online training program is available to students and employee on Canvas via Pipeline.

The Department of Public Safety offers Rape Aggression Defense classes at least twice a year. The classes are designed to enhance students' and employees' safety and to increase awareness in how to avoid potentially dangerous situations.

The Department of Public Safety also offers training for Behavioral Intervention at least once

a year. This class is designed (1) to promote awareness of dating violence, domestic violence, sexual assault, and stalking and (2) to provide information and guidance on how to safely intervene when confronted with these or similar occurrences.

Harding has also conducted programs in chapel designed to bring awareness to campus about sexual violence issues.

Brochures regarding sexual violence prevention are available in the Department of Public Safety, Office of Student Life, and the Counseling Center.

Immunity

Students who believe they are victims of dating violence, domestic violence, sexual assault, or stalking may obtain redress through University procedures. Complainants and witnesses who report or participate in an investigation of dating violence, domestic violence, sexual assault, or stalking will not be subject to disciplinary sanctions, such as suspension or probation, for violations of the code of conduct that occurred at or near the time of the incident.

Procedures for Victims of Dating Violence, Domestic Violence, Sexual Assault, and Stalking

Proceedings

When the University receives a complaint of potential Sex Discrimination, the University will promptly and equitably respond pursuant to the guidelines and procedures set forth in the Harding University [Title IX and Other Sexual Misconduct Policy](#). The right to confidentiality of all members of the academic community will be respected, insofar as possible.

Claims made by a student against another student are filed with the Office of Student Life located in Student Center Room 218. The Office of Student Life will then assist in contacting a Deputy Title IX Coordinator for Students to begin the resolution process. Claims made by a student against a faculty or staff member are filed with the Deputy Title IXZ Coordinator for Employees, Located in the Office of Human Resources, Ezell Building Room 130.

Title IX Investigators will conduct an investigation into the complaint of potential sex discrimination. The investigation will be conducted by persons who receive annual training on issues related to sex discrimination including non-harassment discrimination (Differential Treatment and Retaliation) and Sexual Harassment (Quid

Pro Quo Harassment, Hostile Environment Harassment, Sexual Assault, Domestic Violence, Dating Violence, Stalking, and Sexual Exploitation) and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

The complainant and the respondent in a complaint resolution process involving allegations of Sexual Harassment including Sexual Assault, Dating Violence, Domestic Violence, and Stalking have the right to be accompanied to meetings by an advisor of their choice, who may be, but is not required to be, an attorney. If a member of the University community is serving as an advisor, the advisor should generally be free of conflicts in his or her position in the community. An individual has the right to decline a request to serve as an advisor in the University's complaint resolution process.

In matters under the formal grievance procedure, the Title IX Coordinator will typically designate a panel of three individuals to serve as the decision maker. The panel will conduct a live hearing to determine if there were any violations of the Title IX Sex Discrimination Policy, and what, if any, sanctions should be imposed.

At the live hearing, each party may communicate questions to his/her advisor that the party wants his/her advisor to ask of any party or witness. Before each question is asked, the decision maker will determine whether each proposed question is relevant and not otherwise impermissible. If the question is relevant and not otherwise impermissible, the advisor may ask the question of the party or witness. The decision maker will explain any decision to exclude a question as not relevant or otherwise impermissible. If the decision maker determines a question is irrelevant, the decision maker may give each party the opportunity to address the relevancy before the decision maker makes a determination. Further, the decision maker will give the party an opportunity to clarify or revise the question. If the party sufficiently clarifies or revises a question so that the question is relevant and not otherwise impermissible the advisor may ask the question.

The decision maker will apply the preponderance of the evidence standard to determine whether it is more likely than not that the respondent engaged in a violation of the policy. The presumption is that the respondent is not responsible for a policy violation. The respondent will be deemed responsible for a policy violation only if the decision maker concludes that there is sufficient evidence, by a "preponderance of evidence," to support a finding that the respondent engaged in Sex Discrimination.

If the decision maker determines that the respondent is responsible for a policy violation, the decision maker typically will then determine what sanctions and remedies are warranted.

Notification of Determination

For complaints under the General Grievance Procedure (allegations of Non-Harassment Sex Discrimination and allegations of Sex-Based Harassment where neither party is a student): The written notice will include the determination as to whether Sex

Discrimination occurred; the rationale for such determination; any disciplinary sanctions (if applicable); and the University's procedures for the complainant and respondent to appeal.

The University will simultaneously send a written notice of the determination of the complaint to complainant and respondent. The written notice will include a description of the alleged Sex-Based Harassment; information about the policies and procedures that the University used to evaluate the allegations; the decision maker's evaluation of the relevant and not otherwise impermissible evidence; the determination of whether Sex-Based Harassment occurred; the rationale for such determination; any disciplinary sanctions (if applicable); whether remedies will be provided to the complainant or any other students; and the University's procedures for the complainant and respondent to appeal.

The written notice of determination will generally be received within twenty-five (25) calendar days from the date the live hearing concluded. In some cases, more time may be required. The determination of the decision maker may be appealed as provided below. In the event that no appeal is filed within the time periods prescribed below, the decision will be final and the sanctions, if any, will be effective.

Student Appeal Process

The parties may appeal in the following circumstances:

- Either the complainant or the respondent, if the respondent has received notice of the allegations, may appeal the University's decision to dismiss a complaint of Sex Discrimination.
- Under the General Grievance Procedure and Heightened Grievance Procedure, either the complainant or the respondent may appeal the decisionmaker's decision regarding responsibility.

Grounds for appeals are as follows:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination of responsibility or dismissal was made; and
- The Title IX Coordinator, investigator, or decision maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

Appeals generally will be considered by one appointed appeal officer designated by the Title IX Coordinator. The University reserves the right to appoint any trained appeal officer who is free of conflict of interest or bias, including a third-party appeal officer. The parties will receive written notice of the appeal officer appointed. The appeal officer will not be the Title IX Coordinator nor one of the decision makers or the investigator on the same matter.

The appeal officer will not rehear the case, but will review the appeal file and consider whether it is more likely than not that the above-listed grounds for appeal have been satisfied. The appeal officer may, in their discretion, seek additional information from the Title IX Coordinator, investigator, or another appropriate individual. If the appeal officer receives any additional information, the parties shall have an opportunity to review the additional information.

If the appeal officer determines there is insufficient evidence to conclude that it is more likely than not that one or more grounds for appeal have been satisfied, the appeal officer will dismiss the appeal. This dismissal decision is final and is not appealable. If the appeal officer dismisses the appeal, the sanctions, if any, will be effective on the date the appeal officer's decision is provided to the parties.

The appeal officer will simultaneously issue a written decision to the parties describing the result of the appeal and the appeal officer's rationale for the result. The University will strive to complete the appeal within twenty (20) calendar days following the appeal officer's receipt of the appeal file from the Title IX Coordinator; however, in some cases, more time may be required.

Sanctions and Remedies

The decision maker or sanctioning officer will impose sanctions and/or remedies as necessary to end the misconduct, prevent its recurrence, and address its effects. The University reserves the right to take whatever measures it deems necessary in response to an allegation of Sex Discrimination in order to protect the rights and personal safety of the complainant, students, faculty, staff, and other University community members and to ensure that Sex Discrimination does not continue or recur within the education program or activity.

Individuals who are found responsible under the Title IX and Other Sexual Misconduct Policy may face sanctions as appropriate for students, employees, visitors, or others, including, but not limited to the following sanctions. Each of these sanctions and other sanctions may be imposed alone or in combination for a respondent found responsible for Sex Discrimination:

- Required assessment, education, counseling, or training;
- Disciplinary probation;
- Warnings;
- Loss of privileges;
- Fines;

- Restitution;

- Temporary or permanent revocation of degree;
- Revocation of admission to the University;

Campus Crime Statistics

The Federal Government requires institutions of higher education to compile and report statistics concerning certain types of crime every year. University policy dictates that all crimes on campus be reported to the Department of Public Safety, and this policy is advertised in numerous ways throughout the year. Crimes reported to the Department of Public Safety are entered and coded in a database that is used to track and compile crime statistics. The Department of Public Safety also regularly checks with the Searcy Police Department for crimes on or near campus as well as other crimes that might affect Harding students or campus. Crimes reported by Searcy Police to campus that meet the Clery Act's requirements for inclusion in the annual security report are also included in the annual statistics.

Statistics must be compiled and reported for the following categories:

Campus Crimes: Crimes that occur in or on any property or building that is owned or controlled by the university within the same reasonably contiguous geographic area of the university and is used in direct support of, or in a manner related to, the university's educational purposes including residence halls. Campus also includes property within the same reasonably contiguous geographic area of the university that is owned by the university but controlled by others, but is used by students and supports institutional purposes. (Food or retail vendors are examples.)

Non-campus Crimes: Crimes that occur in or on any property or building (other than branch campuses) owned or controlled by the university that is used in direct support of, or in relation to, the university's educational purposes, is used by students, and is not within the same reasonably contiguous geographic area of the university.

Public Property Crimes: Crimes that occur on public property that is within the same reasonably contiguous geographic area of the institution, such as sidewalks, streets and thoroughfares, parking facilities, etc... and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to the institution's educational purposes.

Crimes of Prejudice: Crimes that fall within the categories required to be reported in which the victim is intentionally selected because of the actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability of the victim.

Everyday Safety Tips

Harding University encourages everyone on campus to be responsible for their own security. Remembering the following simple instructions may help protect yourself and your property:

1. Lock your door to your room.
2. Lock your car.
3. Refrain from leaving valuables unattended in public areas.
4. Review the safety area map posted in every lobby.

Public Safety Services Available: All the following services are available by simply calling 279-5000 or following the directions given below.

Courtesy Escorts: Public Safety may be called from anywhere on campus for an escort to any other location on campus after dark.

Emergency Call Boxes: Yellow emergency call boxes have been placed in strategic locations on campus. If there is criminal activity or a physical emergency, a person should push the button on the box and report the problem to the Public Safety Department. There is a direct line from each call box to the Public Safety Office.

Motorist Assistance: Public Safety may provide free assistance with vehicle jump-starts, and unlocking some vehicles. If we are unable to open a vehicle we can assist the motorists with locating a lock-smith at the motorist's expense.

Emergency Transport to Medical Facilities: Most officers are medical first responder certified, allowing Public Safety to provide limited emergency medical services. In non life-threatening situations, either the Campus Health Services Office or Public Safety may transport students needing medical attention to local hospitals or clinics.

Campus Apartment Lock Outs: Public Safety Officers may assist residents of University owned apartments if locked out of their apartment. (Students locked out of residence hall rooms must seek assistance from Residence Hall staff.)

The purpose of this report is to make members and potential members of the Harding community aware of what we at Harding are doing to make our community one of the safest places available to work, learn, and visit. We truly believe that a safe environment stems largely from the Christian environment that all of us work so hard to maintain. We hope that this information is helpful and informative, but most of all we hope that this information prompts each member of our community to do their part to help insure that Harding remains a safe place for those dedicated students, faculty and staff to continue the work of preparing Christian young people to have a positive impact on our world.

Fire Safety Report

Reporting Fires on Campus

Students, faculty, staff and visitors should immediately report fires or fire alarms on campus to the Public Safety Office by telephoning 501-279-5000 or by appearing in person at the Public Safety Office located in the lobby of the American Heritage Center at 907 E. Market Street, Searcy, AR. Residents may report fires or fire alarms to their RA or RLC as well; however, reports of any fire or fire alarm made to other university officials should immediately be reported to the Public Safety Department by the university official who received the report.

Fire Safety Systems for On-Campus Housing

Smoke Detectors

Independent battery or 120-volt smoke detectors have been installed in the sleeping rooms of each residence hall. The Physical Resource Department completes periodic room checks to make certain that units are working properly. Residents will be fined for tampering with smoke detectors (including removing the battery or disconnecting the unit).

Residents of each room are responsible for keeping their smoke detectors operational. Smoke detectors are designed to operate on a single battery for 1 year. The smoke detector can be monitored by viewing the indicator light which blinks once every 2 minutes. An annoying beep, indicating the battery needs to be replaced, will sound if the battery is defective or loses power. The resident may have the battery replaced by completing a maintenance request. NOTE: Smoke detector batteries will only be replaced with an exchange of an existing battery.

Fire Alarms

All residence halls are equipped with a fire alarm warning system to alert occupants of a potential fire. All fire alarm systems are tested and maintained by the Physical Resource Department. ***Creating a false alarm(*)*** is a Class A Misdemeanor (Class D Felony if a physical injury to a person results), can lead to criminal charges and civil liabilities, can cause building occupants to ignore real alarms, and may lead to fatalities. All of the residence halls are also monitored by a central fire alarm monitoring service that automatically notifies the Fire Department and the Public Safety Office in case of a fire or fire alarm in the residence halls.

Fire Equipment

Fire extinguishers are located throughout the residence halls and are designed to fight small fires. Tampering with fire extinguishers, sprinkler heads, or other equipment or

misusing them for purposes other than fighting a fire is prohibited.

Sprinkler Systems

Most of the residence halls on campus (with the exception of Cone, Kendall, Pryor, and Shores Halls) are equipped with sprinkler systems in accordance with Arkansas Fire Code. As residence halls are remodeled, the remaining residence halls will also receive fire sprinkler systems.

Future Improvements

As each dormitory is remodeled, improvements to the fire safety systems will be made including: updating or installing sprinkler systems as needed, updating or adding centrally monitored fire alarm capabilities, updating fire alarm systems as needed.

Fire Safety Policies and Procedures

Open Flames and Hazardous Heat Sources

Due to significant risk of fire and inability to contain scents in a given room, items with an open flame or hazardous heat source (including candles, incense, candle warmers, potpourri pots, smoking, space heaters, halogen lamps etc.) are prohibited in the residence hall.

Fire Evacuation

Law requires all persons to evacuate a building as promptly as possible when a fire alarm is activated. Residents should become familiar with fire escape routes posted in the common areas of their residence halls and follow those routes each time the alarm sounds. All residents must check in with their RAs and remain outside until the alarm is shut off. Additional instructions in case of fire are posted in each residence hall by the RLC.

Fire Safety Education

Each residence hall on campus conducts at least four mandatory fire alarm drills per school year. Students are provided instructions during wing meetings with their RAs and RLCs on how to safely evacuate the building whenever a fire alarm sounds. In addition, the local Fire Department conducts mandatory fire safety education training programs for all freshmen (men and women) and transfer students on an annual basis.

Campus Fire Log

The Public Safety Department maintains a daily fire log in written form in which all fires that are reported to the Public Safety Department are recorded. The nature of the fire, date, time, and general location of the fire is recorded in the log entry. Log entries are made available to the public within 2 (two) business days of the initial report being made to the Public Safety Department.
